# Overview

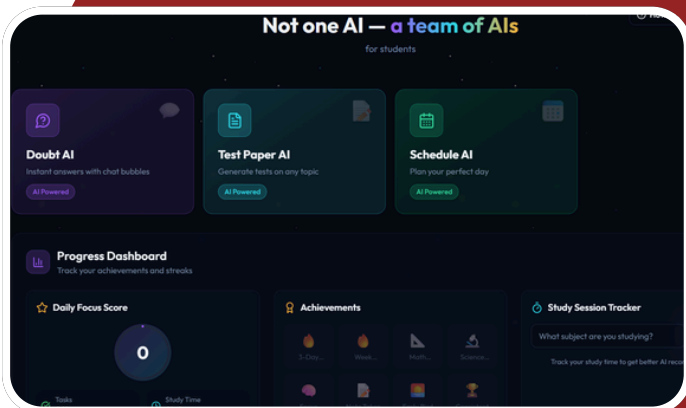

In this Q4 edition of OM Foundation's newsletter, we share key progress and impact from the past quarter through stories of our students, teachers, and partners. As the quarter draws to a close, we look ahead to continued growth and new opportunities.

## Academic Excellence

### Strengthening Foundations for Better Learning Outcomes

Building on the FLN program's rollout, baseline assessments in Classes 1 and 2 show **63% progressing, 27% proficient, and 9% beginners** - reflecting momentum while highlighting the need for targeted support. Efforts now focus on strengthening and institutionalizing the program by **AY 2026–27**.

### Grade 8 AI Projects Addressing Everyday Classroom Challenges

Building on their introduction to Artificial Intelligence, Grade 8 students advanced their learning through certified capstone projects and a final showcase.

Working in teams, students developed

- Morning Mirror** – Mood-checking tool
- Locate** – Lost-and-found solution
- EQUA Shift** – Classroom duty assigner
- Edu Nova** – Personalized study buddy

# Holistic Development

## Award Ceremony - Celebrating Excellence

OM Foundation hosted an award ceremony to recognize students excelling in academics and extracurricular activities, while also honoring teachers for their achievements and dedication to community growth.

## OM Olympia - A Week of Sport, Strategy, and Teamwork

Our Annual Sports Day featured a week of sports activities, bringing together students, parents, and corporate partners. Day one saw league matches across volleyball and chess, while the main day was filled with energetic track races and final showdowns - creating a space

for participation, teamwork, and shared celebration. The event extended the learning environment beyond the classroom.

## Blessing Ceremony - Marking the Transition

As senior grade 10<sup>th</sup> students enter a transitional phase in their academic journey, a blessing ceremony was organized by juniors and teachers, while a farewell for grade 12<sup>th</sup> afternoon school students offered wishes and guidance on experience.

# Career Pathways

Students gain insights into diverse industries, discover potential career paths, and understand various professional fields. Interactive sessions and expert guidance inspire them to make informed decisions and confidently plan for their future.

## Mastering Career Pathways with Haldiram Skill Academy

Our 17 students are set to explore diverse career pathways through an exciting new partnership with Haldiram Skill Academy, with opportunities to build skills and gain hands-on training in **culinary arts, beauty and wellness, and fashion designing.**

## Stepping into the Exam Room with Confidence – Supported by iQuanta

With the support of iQuanta, our **18 students** will now have access to an online CUET preparation program featuring structured lessons, practice resources, and expert guidance making them exam ready.

## Building on our partnership with Capgemini

A total of **12 of our students** are currently gaining practical, industry-relevant skills in Data Analytics and IT Support at the Capgemini NSEZ training center.

# Teachers Highlights

## Celebrating Womenhood at OM

OM Foundation celebrated Women's Day with all staff, honoring the dedication of our women educators. Through their teaching, mentorship, and guidance, they empower students and shape stronger communities.

## Enabling AI Readiness for 80+ Educators with Practical Classroom Skills

A 2-day AI training for over 80 government school teachers was held in collaboration with Khushii NGO and supported by EXL. The training focused on integrating AI into classrooms, covering generative AI tools, prompting techniques, and Google NotebookLM.

### Outcomes

**100%**

Found content to be relevant to their role

**100%**

Found the session interactive & engaging

**80%**

Felt confident about trying at least one AI tool

# Community Strengthening

## OM Homecoming - Alumni Reconnect

OM Homecoming 2026 united alumni for a reflective evening of reconnection. The event featured games and activities to strengthen bonds, along with a self-reflection session and a group discussion with trustees, fostering guidance and meaningful exchanges, and enhancing the sense of belonging in the alumni community.

## Tech Saathi - More Students Empowered This Quarter

9 students have been empowered with laptops to support their higher education and career aspirations.

## Mentoring Parents Informed for Academic Choices

Counseling sessions were held to empower parents in aiding students with stream selection and exam preparation. The focus was on guiding parents to help their children make informed academic decisions and provide necessary support during exams.

# Partner Engagements

Meaningful transformation is bolstered by consistent support. Corporate partners enrich learning outside the classroom, broadening perspectives, deepening understanding, and promoting exploration and reflection.

## Ms. Anne Minto Joins Our OM 2.0 Journey

We were honored to have Ms. Anne Minto, a long-time well-wisher and supporter, at the Foundation Stone Ceremony on February 6th, where she laid the foundation for the new Yamuna Expressway School. Her continued support has been instrumental in our “OM 2.0” expansion as we move from the Noida site to this new campus.

**EXL**

## Showcasing Future-Ready AI Innovation

OM Foundation, in collaboration with EXL, hosted an AI showcase where students presented innovative projects, gaining hands-on experience and certifications for their future-ready skills.

# Making a Difference

## Bridging the Digital Gap with TFCI

A generous contribution of 30 Primebooks from the Tourism Finance Corporation of India (TFCI) is strengthening digital access for our students, enabling personalised remedial learning to be more effective.

Tourism Finance Corporation of India Ltd.

## OM Students Recognized at The League Extraordinaire

OM Foundation students Aman Das and Gungun received special recognition at The League Extraordinaire, an annual event hosted by GlobalLogic. The outstanding students, along with their parents, were invited to celebrate their achievements.

# What's New at OM

## Unveiling a Bold New Identity through a refreshed logo

A modern adaptation of our original design with a more intentional tagline

## Laying the foundation of OM's new school in Yamuna Expressway

OM Foundation celebrated a milestone with the Bhumi Pujan for its new 600-student day boarding school. The campus, designed to enhance experiential learning, will support a curriculum focused on future-ready skills, reflecting the foundation's commitment to innovative education and holistic student development.

# In Memory of V G Krishnan

OM Foundation pays tribute to Mr. V G Krishnan, the visionary founder of Shikshadaan, whose guidance and partnership have been invaluable. His passing marks the loss of a true champion of education.

Over the years, we shared a long and meaningful journey of collaboration, working together to provide opportunities, nurture learning, and impact countless young lives. His vision, dedication, and spirit will continue to inspire us in our mission.

In 2012, he and his wife, Ms. Bindu Krishnan, founded ShikshaDaan, a not-for-profit dedicated to supporting students in continuing their education beyond Class 10.

OM Foundation has been fortunate to benefit from Mr. Krishnan's guidance and support. Through ShikshaDaan, 43 of our students - particularly those transitioning into Grades XI and XII - have been supported in continuing their educational journeys, reflecting his deep belief in their potential.

We honour his life of purpose and service, and extend our heartfelt condolences to his family. His legacy will continue to inspire our work and the many lives he touched.
